CCC Ming Kei College

Report on the Use of the One-off Grant for Promotion of a Sports Ambience and MVPA60 in Schools (25/26)

A. Background of the MVPA60 Grant (For details, please refers to the EDB Circular Memorandum No. 73/2024)

In line with the Physical Education (PE) curriculum development, the Education Bureau (EDB) provided a grant of $150,000 for each public-sector school and school under Direct Subsidy Scheme (DSS) in the 2023/24 school year to support schools in further promoting a sports ambience and MVPA60. Schools may deploy the Grant by the end of the 2026/27 school year to organise relevant activities and programmes, such as:

- Developing or procuring PE-/sports-related information technology (IT) services, mobile applications and related software, as well as PE-

  /sports-related activity kits and supporting tools;
- Organising diversified PE-/sports-related learning activities/competitions or subsidising students to participate in such activities;
- Organising or subsidising the participation of students, teachers and coaches in PE-/sports-related exchange activities or study visits held in the Mainland or overseas;
- Organising sports-related activities involving the participation of various school stakeholders, including teachers and parents, with the students;
- Purchasing or upgrading PE/sports equipment in schools;
- Developing/enhancing the policy on the development of an active and healthy school campus/MVPA60; and
- Hiring additional non-teaching staff/qualified coaches or procuring services to assist schools in promoting a sports ambience and MVPA60 in school

Schools can flexibly deploy the Grant before the end of the 2026/27 school year to support the development or enhancement of the policy on active and healthy school campus according to the school context and students' development needs to promote a sports ambience and MVPA60 in schools. Schools should refer to the points to note in EDB Circular No. 3/2022 "Acceptance of Advantages and Donations by Schools and their Staff". Aided schools (including special schools) and caput schools are also required to comply with the procurement procedures in EDB Circular No. 4/2013 "Procurement Procedures in Aided Schools" and "Guidelines on Procurement Procedures in Aided Schools (Updated in June 2023)".

Schools may combine other subsidies from the EDB on a need basis to cover the cost of related learning activities. However, there should be no duplication of financial support for the same item. Schools shall deploy the Grant in a prudent manner and ensure that the subsidies concerned are utilized in line with relevant principles and ambits. The use of subsidies on students should also be documented for review and inspection.

B. Our school has spent the "One-off Grant for Promotion of Sports Ambience and MVPA60 in Schools" (the "Grant") on the following areas:

Area		Details	Actual Expenses ($)
